

**Do you need independent
Confirmation Reviews, Safety
Audits or Assessments
according to ISO 26262?**

Do you need Confirmation Reviews, Safety Audits, or Safety Assessments in line with ISO 26262?

We support your teams in conducting Confirmation Reviews, Safety Audits, and Safety Assessments with the required independence up to level I3 acc. ISO 26262.

APPROACH

Our Approach:

Confirmation Reviews of safety-relevant workproducts

- Review of individual safety-relevant documents with regard to required conformity with ISO 26262.

Safety Audit

- Review and examination of the implemented processes with regard to their objectives and conformity with ISO 26262.

Safety Assessment

- Review and examination of the results of a safety-relevant development the conformity with ISO 26262.

Your Benefits:

- **Certified Functional Safety Consultants**
- **Experiences from the practical application in real projects**
- **Required independence from your safety team (up to I3)**
